

## Product Line Inspector (Temp to Perm)

**DEPARTMENT: Operations**

**REPORTING TO: Strategic Operations Manager**

Teledyne Defence and Space (TDS) are seeking key individuals to join the existing assembly teams, engaged in the production of advanced electronics systems and integrated end-to-end RF & microwave solutions for the defence, space and security markets.

The successful candidate will be responsible for ensuring the appropriate build standards and the required level of quality is maintained for all electronic and mechanical manufactured assemblies through stage and final inspection activity.

### Main responsibilities for this role are:

- To provide stage and final inspections activities at assembly and post-test stages
- Inspection of metalwork and circuits (bare-boards & assembled ) as necessary
- Ensure completion and accuracy of all necessary production documentation
- To ensure that all manufactured products are assembled to specification or relevant build standards
- Maintain a clean and safe working environment
- Adhere to all ESDP procedures
- To assist with other areas of quality inspection as required
- To make decisions on defects/acceptable work
- Ensure Production Inspection Record (PIR) are complete and accurate
- Raise and advise on Non-Conformance Reports in regard to faults or issues of quality
- To assist the Quality department in highlighting specific production issues
- Liaise and advise as required with suppliers and customers in regard to issues of quality
- Collate, review and report internally generated SPC & Key Characteristic (KC) data from build & test stages to ensure adherence to product specification

### Key Attributes

- Experience in a similar environment using intricate measuring equipment
- Excellent communication, organisation skills
- Excellent problem solving and decision making skills
- Excellent eye sight and attention to detail
- Self-motivated with the ability to prioritise own workload
- Experience of assembly stage inspection to TDS Q119 workmanship and IPC-610 standards
- Computer literate, including Microsoft Outlook e-mail and Microsoft Excel
