- Responsible for revenue reconciliation across all projects
- Work with project teams to ensure costs are reviewed and revenue reconciliation completed monthly
- Arrange and Chair monthly EAC meeting to ensure project costs and deadlines are being met
- Develop and maintain key internal control procedures that are in line with SOX404 requirements.
- Key member in developing future requirements for ERP development
- Ensure all project costs are assigned to the correct contracts
- Ensure all deadlines are met
- Meet with requirements of internal and external audit examination

The successful candidate will be able to satisfy the following requirements:

- CIMA Qualified or equivalent experience
- Qualified / Part Qualified Accountant
- Knowledge and experience of ASC606 Revenue Recognition Standard.
- Experience in working under pressure to tight deadlines with a meticulous eye for detail.
- Good written and verbal communication skills with an organised approach to work.
- Driven, exceeds goals, handles pressure, anticipates and removes barriers.
- Effective communicator
- Experience working in a project cost environment
- Experience of working in an Engineering environment
- Ability to work to deadlines
- Excellent stakeholder Management
